**NEW FOR 2019
ENHANCED EDITION**

WWW.HRPTRADE.CO.UK

You asked, we listened...

Welcome to our brand new Cylinder Spares catalogue. We couldn't be prouder to finally offer this latest service at HRP Trade, following growing demand from you – our customers – to expand our extensive product range with Cylinder Spares.

This isn't something we wanted to rush. As our customers know, we always prioritise the quality of our products and service above all else. That's why we only wanted to add Cylinder Spares to our offering once we knew we could provide the very best products and the very best knowledge – all at the very best prices for you.

In this catalogue, you'll find a huge range of high-quality Cylinder Spares from an extensive list of manufacturers. You can also view each item on our user-friendly, parts-recognition website. And, as with all products from HRP Trade, you can depend on quick, reliable delivery and expert advice whenever you need it.

Above all, when you deal with us, you can be sure of the five values that govern everything we do at HRP Trade:

- **Reliability** in our service
- **Quality** in our products
- **Simplicity** in our methods
- **Expertise** in our knowledge
- **Independence** in our approach

Thank you once again for supporting HRP Trade. After all, as an independent distributor, we're only able to offer our wide-ranging services at the prices we can thanks to the continued support of our independent customers.

HOW DO I ORDER ?

Simply log into **www.hrptrade.co.uk** using your existing username and password , and then just click on the cylinder spares icon .

Or

E-mail us at **orders@hrptrade.co.uk** ensuring that you quote the relevant part number as stated on either the website, or in the brochure.

A new chapter in programmable thermostats.

Introducing the T4 Series.

The CM900 has been the installers' preferred choice for years. But things have moved on ... The good news is that the more intelligent Honeywell T4 Series shares the same DNA as the CM900 with TPI & optimisation features, plus:

- It has 1 and 7 day scheduling built in
- It has a larger screen, making it easier to read
- It's easy to wire with a new wiring centre designed for installers
- It's simple to programme with an intuitive interface
- It has OpenTherm capability built in

For more information about the intelligent T4 Series, please visit: honeywelluk.com

REWARDS

Buy a new Honeywell T4 before the end of 2017 and earn extra Honeywell REWARDS points.

The term "Customer" shall mean any person, firm or company who purchases goods or services from the Company.

CONDITIONS:

These conditions apply to and are deemed to be incorporated in all orders, contracts, quotations and tenders for the supply and sale of goods or services by the Company.

These conditions supersede any terms and conditions contained in any Customer's order unless otherwise agreed in writing by the Company.

PUBLISHED PRICES:

Orders placed will be charged at prices current at the time of delivery.

VALUE ADDED TAX:

All prices quoted are exclusive of Value Added Tax unless otherwise stated.

ORDERS:

Orders placed via the website will be automatically downloaded periodically during the business day (Mon-Fri), these will then be processed and dispatched, subject to stock availability, any out of stock items will be advised via email and placed on back order with our supplier unless cancelled by the customer via email notification to ourselves. Goods dispatched will be confirmed via an invoice consigned with the actual stock delivery to the customer.

PRODUCT IDENTIFICATION:

It is the duty of the Customer to order the correct part. The company shall deliver the product ordered and accepts no responsibility for inaccurate advice supplied by a third party to the customer in the identification of the part required, whether through commercial recommendation or technical diagnosis.

OUT OF STOCK ITEMS:

In the unlikely event of products not being available for same day dispatch, the company will notify the customer via email on the day the order is received and they shall have the right to cancel or change their order accordingly, for example we will order the item from the manufacturer, however there will be no control over the delivery lead time as this is dependent upon the individual manufacturers.

RETURNS POLICY:

The Company will not accept any goods returned to them from a customer without prior consent and a valid goods return reference.

When the goods are returned the original delivery note number or invoice number must be quoted supported by the goods return reference.

All costs incurred in returning the parts to the company are to be borne by the Customer.

PCB's and any gas carrying or gas controlling parts are non returnable.

Goods accepted for return, in a resalable condition will be subject to a restocking charge, to be determined upon inspection and notified to customers via email.

PARTS CLAIMED TO BE FAULTY AND REQUIRE REPLACEMENT UNDER MANUFACTURERS WARRANTY.

Such items must be returned to the Company together with the original invoice and goods return reference. The Company will return the product to the Manufacturer for inspection/testing. If the item is found to be faulty and the manufacturer agrees to credit, the Company will raise the appropriate credit to the Customer account.

DESCRIPTION AND QUALITY:

Illustrations, descriptions, weights, and technical data in any of the Company's catalogues whether in paper or electronic format, price lists and statements (written, or oral) made by any representative of the Company are provided to give Customers an approximate picture and description only and do not form the basis of any contractual liability. No warranty or condition that the article shall accord with such illustration, description or statement is to be implied and any warranty or condition capable of or arising is hereby excluded.

Designs of goods are subject to alteration without notice.

All quotations given and sales made are upon the condition that although goods supplied are of sound commercial quality and are fit for purpose, the Company accepts no liability as to their suitability for any purpose other than that specified in writing by the Customer at or prior to the time of sale.

LIMITATION OF LIABILITY:

The Company shall not be liable in any circumstances to the Customer whether by way of indemnity or by reason of breach of contract or negligence or of breach of statutory duty or otherwise for loss or damage of any kind, whether direct, indirect or consequential.

The undertaking as to title in Section 12 of the Sale of Goods Act, 1979 is not excluded.

Where the Customer deals as Consumer (as defined in Section 12 of the Unfair Contract Terms Act, 1977) the undertakings implied by sections 13,14,15, of the Sale of Goods Act, 1979 and are

not excluded and the Customer's statutory rights are not affected. The Company does not exclude or restrict liability for death or personal injury resulting from its own negligence. The Company does not exclude any liability which it may incur under the Consumer Protection Act, 1987 for damage as defined in Section 5 of the Act.

RETENTION OF TITLE AND RISK:

The risk in the goods shall pass to the Customer on delivery.

Title to the goods shall remain vested in the Company after delivery until payment of all sums (whether arising out of this or any other contract) has been made in full to the Company. As long as title in the goods remains vested in the Company and the goods are in possession or under the control of the Customer, the following provisions will apply.

The Customer may (unless otherwise notified in writing by the Company) use, sell or otherwise deal with the goods in the ordinary course of business.

The Customer shall separately store and keep clearly identified the goods from other goods.

The Company may at any time on giving prior notice, enter the premises of Customer for the purpose of inspecting and identifying the goods and the Customer irrevocably authorised the Company to enter upon its premises for that purpose.

The Customer's powers above shall automatically cease if a receiver is appointed over any assets of the undertaking of the Customer or a winding up order is made against the Customer or the Customer goes into voluntary Liquidation (otherwise than for the purpose of reconstruction or amalgamation) or calls a meeting of, or makes any arrangement or composition with Creditors or commits any act of bankruptcy.

Upon determination of the Customer's powers above the Customer shall place the goods at the disposal of the Company, who shall be entitled to enter upon any premises of the Customer for the purpose of removing goods from the premises (including severance from realty where necessary)

If goods are returned or repossessed in accordance with the foregoing provisions the Company shall repay to the Customer any sums received from the Customer in part payment of the price of the goods up to a maximum amount equal to the current market value of the goods based on their condition at the time of return or repossession and after deducting all costs and expenses of the company in having the goods returned or repossessed and subject also to any right of set off the Company may have in respect of other sums owing by the Customer to the Company.
